

Statement Issued

Chief Scott has made it abundantly clear that transparency and accountability are paramount in this criminal investigation. That is why SFPD is seeking an independent, impartial third-party to take over the original criminal case. An additional investigation by the Department of Police Accountability will examine how this case has been handled on all levels- from the Chief of Police down- and provide accountability and answers. In the meantime, the men and women of this department will continue to work hard to provide public safety for the people of the City of San Francisco.
